- Experienced in Agile Development,
- It has the basic principles of Software Engineering.

### EDUCATION

KAHRAMANMARAŞ SÜTÇÜ İMAM ÜNİVERSİTESİ

Computer Engineering

AGNO : 3.22

Aug 2019 - Jun 2023 - Ongoing

### WORK EXPERIENCE

#### FRONTEND DEVELOPER

Tekrom Teknoloji (Internship) Jul 2021 - Aug 2021

[www.tekrom.com](http://www.tekrom.com)

#### FULL STACK DEVELOPER

Arneca Technologies

Mar 2022 - Jun 2022

[www.arneca.com](http://www.arneca.com)

#### SOFTWARE DEVELOPER

Atak Ulaşım (Internship)

Jul 2022 - Aug 2022

[www.atakulasim.com](http://www.atakulasim.com)

### PROJECTS

#### [Internship Management System](#)

It is a dynamic web application based on React JS and Node JS that allows the internship process to be followed.

#### [Shopping Basket Module](#)

It is a ReactJS and NodeJS based shopping cart web module.

#### [Movie Web Api](#)

It is a NodeJS based Restful Web api application using JWT and Unit Testing.

#### [Real-Time Chat Application](#)

It is a NodeJS based dynamic web application with Google login support.

#### [Photo Catalog Application](#)

It is a dynamic web application that lists photos and information by adding them.

#### [Blog Application](#)

It is a dynamic web application that lists the blog and its information by adding it.

#### [Live Balls Application](#)

It is a dynamic web application that can move live balls and send real-time messaging.

#### [Hashing Application](#)

It is a C application that checks the texts, hash and prints them to the file.
